Description :

PDF-fed43 | China–Taiwan economic ties are now among the key factors influencing the relations between the two sides of the Taiwan Strait which is still one of the flashpoints in today’s world. This book traces the origin and the process of how so-called “cross-strait economic ties” became such a key factor in China-Taiwan relations throughout the 1990s and how this factor has affected China–Taiwan ... *Political Economy of China–Taiwan Relations: Origins and Development*
